Mr Paul Bennett
Action Airobatics
460 New England Highway
RUTHERFORD NSW 2320

Dear Paul

I can't thank you enough for the magnificent display by: Avenger and the brilliant aerobatics of the Pitt Special. You were certainly the star of the Festival.

In the three years that we have run the Festival and the two years we have run the Catalina Ball we have raised \$37,000 towards the restoration of the WWII Catalina. That has only come about because of the generosity of people like yourself.

As you know this is the third year we have run the Festival, on the Wednesday after the Festival I was advised by the Councils Events Co-ordinator that we are now a Regional Significant Event and I have no doubt that your two displays went a long way to bringing that about. As a significant event the Council puts it onto State-wide Tourist Information Centres, advises newspapers and magazines of the event and opens the door to Council and other grants.

Once again thank you so much for your support.

Kind Regards

Mike Usher
Events Co-ordinator
